Renewable Energy from ACEN

## Indicative Wind Turbine Layout (18 November 2024) North East Wind

This visual representation of the North East Wind turbine layout is being provided for consultation purposes only

The Wind Farm development is not final and subject to change. Wind turbine locations will be further investigated and refined based on:

- Engagement with landholders and stakeholders.
- Surveys, including ecological, cultural heritage, and geotechnical.
- Engineering and technical design.

North East Wind Major Project	Non-involved Dwellings	Tebrakunna Visitor Centre	Ramsar Site
Indicative Wind Turbine Development Area	Non-involved Dwelling (2km Buffer)	Musselroe Wind Farm Turbines *indicative	Existing 110kV Transmission
Indicative Wharf Location	Tomahawk Township (3km Buffer)	Reserved Land	Watercourse
	Musselroe Windfarm Existing Substation	Future Potential Production Forest	Major Road
	Private Timber Reserves		Minor Road
			Railways
